

## US EPA Level IV ecoregion legend (page 1)

	Adin/Dixie Low Hills		Diablo Range		Interior Santa Lucia Range
	Adin/Horsehead Mountains Forest and Woodland		Diegan Coastal Hills and Valleys		Kern Terraces
	Amargosa Desert		Diegan Coastal Terraces		King Range/Mattole Basin
	Antelope Plain		Diegan Western Granitic Foothills		Klamath Juniper Woodland/Devils Garden
	Arid Montane Slopes		Duzel Rock		Klamath River Ridges
	Arid Valleys and Canyonlands		East Bay Hills/Western Diablo Range		Klamath Subalpine
	Arizona Upland/Eastern Sonoran Mountains		Eastern Hills		Klamath/Goose Lake Basins
	Bay Flats		Eastern Klamath Low Elevation Forests		Lahontan and Tonopah Playas
	Bay Terraces/Lower Santa Clara Valley		Eastern Klamath Montane Forests		Leeward Hills/Western Diablo Range
	Bishop Volcanic Tableland		Eastern Mojave Basins		Likely Tableland
	Bodega Coastal Hills		Eastern Mojave Low Ranges and Arid Foothills		Livermore Hills and Valleys
	Border High–Siskiyou		Eastern Mojave Mountain Woodland and Shrubland		Lodi Alluvium
	Butte Sink/Sutter and Colusa Basins		Eastern Sierra Great Basin Slopes		Los Angeles Plain
	Caliente Range		Eastern Sierra Mojavean Slopes		Low Southern Cascades Mixed Conifer Forest
	California Cascades Eastside Conifer Forest		Foothill Ridges and Valleys		Lower Colorado/Gila River Valleys
	Camanche Terraces		Fort Bragg/Fort Ross Terraces		Manteca/Merced Alluvium
	Carrizo Plain		Fremont Pine/Fir Forest		Marble/Salmon Mountains–Trinity Alps
	Cascade Subalpine/Alpine		Gabilan Range		Marin Hills
	Central Sierra Lower Montane Forests		Granitic Alluvial Fans and Terraces		Mayacmas Mountains
	Central Sierra Mid–Montane Forests		Grapevine Transition		Mesquite Flat/Badwater Basins
	Central Sonoran/Colorado Desert Basins		High Elevation Warner Mountains		Modoc Lava Flows and Butte
	Central Sonoran/Colorado Desert Mountains		High Lava Plains		Modoc/Lassen Juniper–Shrub Hills and Mountains
	Clear Lake Hills and Valleys		High North Coast Ranges		Mojave Lava Fields
	Coastal Franciscan Redwood Forest		High Southern Cascades Montane Forest		Mojave Playas
	Coastal Lowlands		Imperial/Lower Coachella Valleys		Mojave Sand Dunes
	Cuyama Valley		Inland Hills		Mono–Adobe Valleys
	Death Valley/Mojave Central Trough		Inland Siskiyou		Monterey Bay Plains and Terraces
	Delta		Inland Valleys		Morena/Boundary Mountain Chaparral

## US EPA Level IV ecoregion legend (page 2)

	Napa–Sonoma–Lake Volcanic Highlands		San Francisco Peninsula		Southern Clayey Basins
	Napa–Sonoma–Russian River Valleys		San Joaquin Basin		Southern Hardpan Terraces
	North Coast Range Eastern Slopes		San Mateo Coastal Hills		Southern Santa Lucia Range
	North Valley Alluvium		Sand Hills/Sand Dunes		Southern Sierra Lower Montane Forest and Woodlar
	Northeastern Sierra Mixed Conifer–Pine Forests		Santa Ana Mountains		Southern Sierra Mid–Montan Forests
	Northern Channel Islands		Santa Barbara Coastal Plain and Terraces		Southern Sierra Subalpine Forests
	Northern Franciscan Redwood Forest		Santa Cruz Mountains		Southern Sierra Upper Montane Forests
	Northern Santa Lucia Range		Santa Lucia Coastal Forest and Woodland		Southern Sierran Foothills
	Northern Sierra Lower Montane Forests		Santa Maria/Santa Ynez Valleys		Stockton Basin
	Northern Sierra Mid–Montane Forests		Scott Mountains		Suisun Terraces and Low Hills
	Northern Sierra Subalpine Forests		Semiarid Uplands		Sutter Buttes
	Northern Sierra Upper Montane Forests		Serpentine Siskiyou		Tehachapi Foothills
	Northern Sierran Foothills		Shasta Valley		Tehachapi Mountains
	Northern Terraces		Sierra Nevada–Influenced High Elevation Mountains		Tehama Terraces
	Northern Transverse Range		Sierra Nevada–Influenced Ranges		Temblor Range/Elk Hills
	Old Cascades		Sierra Nevada–Influenced Semiarid Hills and Basins		Tonopah Basin
	Outer North Coast Ranges		Sierra Valley		Tonopah Sagebrush Foothills
	Oxnard Plain and Valleys		Sierran Alpine		Tulare Basin/Fresno Slough
	Panoche and Cantua Fans and Basins		Solomon–Purissima–Santa Ynez Hills		Tuscan Flows
	Paso Robles Hills and Valleys		Sonoma–Mendocino Mixed Forest		Upper Coachella Valley and Hills
	Pit River Valleys		Sonoran Playas		Upper Owens Valley
	Pleasant Valley/Kettleman Plain		South Valley Alluvium		Upper Sacramento River Alluvium
	Pluvial Lake Basins		Southern California Lower Montane Shrub and Woodland		Upper Santa Clara Valley
	Point Reyes/Farallon Islands		Southern California Montane Conifer Forest		Venturan–Angeleno Coastal Hills
	Rogue/Illinois/Scott Valleys		Southern California Subalpine/Alpine		Warner Mountains
	Sacramento/Feather Riverine Alluvium		Southern Cascades Foothills		Western Klamath Low Elevation Forests
	Salinas Valley		Southern Cascades Slope		Western Klamath Montane Forests
	Salinas–Cholame Hills		Southern Channel Islands		Western Mojave Basins
